General Price List

These prices are effective as of **April 15, 2022** and are subject to change without notice.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Professional Services

BASIC SERVICES OF FUNERAL

DIRECTORS AND STAFF.....\$3,550.00

Our fee for the services of funeral director and staff includes, but is not limited to, staff to respond to initial request for service, arrangement conference with family or responsible parties, arrangement of funeral, preparation and filing of necessary authorizations and permits, recording vital statistics, preparation and placement of obituary notices, and coordination with those providing other portions of the funeral, e.g. cemetery, crematory, vault companies and others as required. Also included in the charge are overhead expenses relative to our facility such as insurance, maintenance and utility expenses, secretarial and administrative cost, and equipment and inventory expenses.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremation, immediate burials, and forwarding or receiving remains.)

EMBALMING.....\$ 795.00

Embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial.

Embalming is a chemical process which provides temporary preservation of the body and eliminates health hazards; therefore, it is a policy of this funeral home that remains be embalmed or refrigerated if held over 24 hours after death. This is for the protection this facility, the general public, and our employees.
